**Stop Searching for EV Talent in Generic Portals.
We Bring the Talent to You.**

India needs 5,00,000+ EV professionals by 2030. Only 1.5-1.8 lakh currently work in EV roles. Traditional recruitment gives you thousands of unfiltered resumes from candidates with zero EV exposure. DIYguru gives you something radically different: a curated pool of pre-skilled, industry-trained, EV-ready professionals -- from ITI technicians to B.Tech engineers to experienced professionals.

POWERED BY **emobility.careers** & **ev.care**

AFFILIATIONS & PARTNERS:

IIT Jammu | NEAT (AICTE) | SIMOPS - KSA & UAE | DSD - Ministry of Human Resources, Malaysia

Organised by DIYguru Mobility Pvt. Ltd. | ASDC & AICTE Certified | Academic Partner: IIT Jammu
Industry Partners: Bosch | Hyundai | Maruti Suzuki | Tata Motors | 50,000+ Professionals Trained | 10+ Years in EV

Why Hire at Bharat eMobility Recruitment 2026?

Your hiring challenges. Our solution.

THE PROBLEM

Generic job portals flood you with 500+ irrelevant resumes for every EV role. Screening takes weeks. Most candidates have zero EV exposure.

OUR SOLUTION

1,000+ pre-screened candidates with verified EV training. 49 AICTE & ASDC-certified programs. Interview-ready on Day 1.

TIME TO HIRE

The average hiring cycle in India takes 45-60 days from JD to joining. Your EV production lines can't wait that long.

SPEED

On-spot interviews. Same-day shortlisting. Offer letters within hours. Reduce time-to-hire from weeks to a single day.

SKILL GAP

51% of Indian engineering graduates are unemployable (India Skills Report 2026). The gap in EV-specific skills is even wider.

EV-READY TALENT

Every candidate has completed hands-on EV coursework: battery tech, embedded systems, AUTOSAR, EV diagnostics, powertrain design.

What You Get as a Hiring Partner (All at ZERO Cost)

Pre-Event (2 Weeks Before)

- > Share your JDs -- we match & shortlist candidates from our 1,000+ pool
- > Receive curated candidate profiles with EV skill scores & resumes
- > Your company logo featured in all event promotions & social media

During the Event (3 Days)

- > Dedicated interview bay with company branding, AV support, Wi-Fi
- > Face-to-face interviews with immediate offer capability
- > Live skill workshops let you observe candidates in action
- > Priority access to top-performing DIYguru alumni

Post-Event (Ongoing)

- > Continued access to DIYguru's alumni network & eMobility Careers portal
- > Post-event talent pipeline for roles that remain unfilled
- > Association with India's most trusted EV training brand

Participation is FREE for companies with active hiring mandates

Sponsorship tiers (Title | Gold | Silver | In-Kind) available for enhanced branding & exclusive talent access

Your Talent Pool: 1,000+ Pre-Screened EV Candidates

Candidate Composition

DIYguru Certified Alumni

350+

- > Completed 49 AICTE & ASDC-certified programs
- > PG Programs (12M), Nanodegrees (6M), Prof Certs (3M)
- > Hands-on project experience in EV domains
- > Mock interview-ready with polished resumes
- > Avg. package: Rs 5 LPA | Peak: Rs 8.4-8.5 LPA

Engineering College Students

300+

- > B.Tech / B.E. final year from nearby colleges
- > Branches: Mechanical, Electrical, ECE, Auto, CS
- > Seeking internships + full-time GET/DET roles
- > Freshers securing Rs 2.5-5.5 LPA in EV sector
- > Partnerships with 400+ institutional partners

ITI & Diploma Students

200+

- > ITI (NCVT/SCVT) + Diploma (BTE/MSBTE/State)
- > Motor Mechanics, Electricians, Fitters, Welders
- > Ideal for assembly, manufacturing, service roles
- > Entry-level: Rs 15,000-25,000/month
- > ASDC certification awareness through workshops

Experienced Professionals

150+

- > ICE-to-EV transition candidates (3-15 yrs exp)
- > Auto sector veterans from OEMs & Tier-1 suppliers
- > Domain expertise in design, mfg, testing, service
- > Commanding Rs 10-18+ LPA post-reskilling
- > Immediate joining availability

Roles Your Company Can Hire For

| Role Category | Qualification | Expected CTC | Candidates |
|-------------------------------------|------------------------|----------------|------------|
| Graduate Engineer Trainee (GET/DET) | B.Tech / B.E. | Rs 2.5-5.5 LPA | 250+ |
| EV Technician & Service Engineer | ITI / Diploma | Rs 15K-25K/mo | 200+ |
| Embedded / Electronics Engineer | B.Tech ECE/EEE | Rs 4-8 LPA | 100+ |
| Battery & BMS Engineer | B.Tech / M.Tech | Rs 5-10 LPA | 80+ |
| AUTOSAR / Vehicle Software Engineer | B.Tech CS/ECE | Rs 5-8.5 LPA | 60+ |
| Manufacturing / Quality Engineer | B.Tech / Diploma | Rs 3-7 LPA | 120+ |
| EV Sales / Business Development | Any Graduate | Rs 3-6 LPA | 80+ |
| Charging Infra Technician | ITI / Diploma / B.Tech | Rs 2.5-5 LPA | 60+ |
| R&D / Testing Engineer | B.Tech / M.Tech | Rs 5-10 LPA | 50+ |
| Experienced (ICE-to-EV) | Any + 3-15 yrs exp | Rs 10-18+ LPA | 150+ |

Event Format & 3-Day Agenda

Pune: Fri 26 - Sun 28 June 2026 | Delhi: Fri 18 - Sun 20 Sep 2026 | 10 AM - 5 PM

DAY 1: Friday

Maximum Company Access Day

- > Company booths & branding setup from 9 AM
- > Walk-in interviews begin at 10 AM -- highest candidate footfall
- > Opening address by Prof. B.K. Panigrahi (IIT Delhi CART)
- > CEO Address: Avinash Singh on India's EV talent landscape
- > Industry expert talks: EV manufacturing ops, hiring trends 2026
- > Live skill workshops: EV Diagnostics, Battery Testing (candidates in action)

DAY 2: Saturday

Deep Interviews & Workshops Day

- > Focused interview sessions with pre-shortlisted candidates
- > AUTOSAR & Embedded Systems technical assessment bay
- > Panel: EV Industry Leaders on 'Building India's EV Workforce'
- > Career counselling & resume clinics running parallel
- > Hands-on workshops: CAN Protocol, 2W EV Servicing, HV Safety
- > Shubham Aggarwal (L&D Head) -- Workforce upskilling consultation

DAY 3: Sunday

Final Rounds & Offer Day

- > Final interview rounds & on-spot offer letter distribution
- > ASDC & Skill Development Council dignitary address
- > Upskilling & Certification Expo: DIYguru's 49 certified programs
- > Closing ceremony with placement announcements
- > Post-event talent pipeline handshake for unfilled roles
- > Networking high-tea for hiring partners & DIYguru leadership

Five Industry Focus Tracks

Electric Vehicles

EV OEMs, 2W/3W/4W
design & testing

Automotive & OEMs

Tier-1 suppliers,
components, QA

Embedded Systems

AUTOSAR, ADAS,
CAN/LIN, firmware

Manufacturing

Production, assembly,
Six Sigma, lean

Sales & Service

EV sales, fleet,
after-sales service

PARTICIPATE IN BOTH EDITIONS FOR MAXIMUM HIRING COVERAGE

Pune (Jun 26-28): India's EV Capital. 200+ EV companies in Pune-Chakan-Hinjewadi corridor. Post MSBTE & SPPU exams.
Delhi (Sep 18-20): North India gateway. Post-monsoon, zero exam conflicts. Manesar-Gurgaon-Noida manufacturing belt.

How to Participate as a Hiring Partner

STEP 1 Share Your JDs

Email or WhatsApp your open positions to Shreyansh. Specify role, qualification, CTC range, and vacancies.

STEP 2 We Match

Our team screens 1,000+ candidates and sends curated profiles 2 weeks before the event.

STEP 3 Confirm

Confirm interview dates and bays needed. We handle logistics, branding, and AV setup.

STEP 4 Attend & Hire

Interview pre-shortlisted candidates face-to-face and extend offers. Real-time support provided.

Frequently Asked Questions (For Hiring Partners)

Q: Is there a participation fee?

A: No. Participation as a hiring partner is completely free for companies with active hiring mandates. Simply share your JDs with Shreyansh and we handle the rest.

Q: How many candidates can we interview?

A: We project 1,000+ candidates over 3 days per edition. You'll receive pre-shortlisted profiles matching your JDs 2 weeks before. On average, hiring partners interview 30-50 candidates per day.

Q: Can we extend on-spot offers?

A: Absolutely. Many companies at previous DIYguru drives have extended same-day offer letters. We encourage it -- it's the fastest way to secure top talent before competitors do.

Q: What if we can't fill all positions?

A: Post-event, you retain access to the DIYguru talent pipeline. Shreyansh's team will continue matching candidates through our eMobility Careers portal.

Q: What candidate profiles are available?

A: ITI pass-outs (service/assembly), Diploma holders (production/testing), B.Tech graduates (R&D/software/design), and experienced professionals (ICE-to-EV, 3-15 yrs). All with EV-specific training through AICTE & ASDC-certified programs.

Q: Can we participate in both editions?

A: Yes, and we encourage it. Pune (Jun 26-28) covers Western India's automotive hub; Delhi (Sep 18-20) covers North India talent. Same free participation. Contact Shreyansh for dual-city registration.

Q: What infrastructure do we get?

A: Dedicated interview bay, company branding space, AV support, Wi-Fi, refreshments, and a DIYguru coordinator assigned to your booth.

Q: Do we get candidate data before the event?

A: Yes. Share your JDs 3 weeks before. Our team will screen, match, and send curated candidate profiles with EV skill scores and resumes 2 weeks prior.

Q: How is this different from a regular job fair?

A: This is India's first career fair dedicated exclusively to the EV and future mobility sector. Every candidate, company, and workshop is focused on electric vehicles, battery technology, vehicle software, and charging infrastructure.

Q: What are the event timings and venues?

A: Pune: Jun 26-28, 10 AM-5 PM, DIYguru Pune Centre, 523 Gera's Imperium, Hinjewadi. Delhi: Sep 18-20, 10 AM-5 PM, DIYguru Training Centre, 374 MG Road, Sultanpur (5 min from Sultanpur Metro, Yellow Line).
